Purpose of this Notice: The Marquette Medical Marihuana Registration Center (MMMRC) is required by law to maintain the privacy of certain confidential health care information, known as Protected Health Information or PHI, and to provide you with a notice of our legal duties and privacy practices, and lets you know how MMMRC is permitted to use and disclose PHI about you. MMMRC is also required to abide by the terms of the version of this Notice currently in effect. In most situations, we may use this information as described in this Notice without your permission, but there are some situations where we may use it only after we obtain your written authorization, if we are required by law to do so.

Uses and Disclosures of PHI: MMMRC may use PHI for the purposes of treatment, payment, and health care operations, in most cases without your written permission. Examples of our use of your PHI:

-**For Payment.** This includes any activities we must undertake in order to get reimbursed for the services we provide to you, including such things as organizing your PHI and submitting bills to insurance companies (either directly or through a third party billing company), management of billed claims for services rendered, medical necessity determinations and reviews, utilization review, and collection of outstanding accounts.

-**For Health Care Operations.** This includes quality assurance activities, licensing, and training programs to ensure that our personnel meet our standards of care and follow established policies and procedures, obtaining legal and financial services, conducting business planning, processing grievances and complaints, creating reports that do not individually identify you for data collection purposes, fundraising, and certain marketing activities.

Use and Disclosure of Your PHI without Your Authorization. MMMRC is permitted to use PHI without your written authorization, or opportunity to object in certain situations, including:

We may also disclose health information to your family, relatives, or friends if we infer from the circumstances that you would not object. For example, we may assume you agree to our disclosure of your PHI to your spouse when your spouse has called the ambulance for you. In situations where you are not capable of objecting (because you are not present or due to your incapacity or medical emergency), we may, in our professional judgment, determine that a disclosure to your family member, relative, or friend is in your best interest. In that example, we may inform the person who accompanied you in the ambulance that you have certain symptoms and we may give that person an update on your vital signs and treatment that is being administered by our ambulance crew.

-To a public health authority in certain situations (such as reporting a birth, death or disease as required by law, as part of a public health investigation, to report child abuse or neglect or domestic violence, to report adverse events such as product defects, or to notify a person about exposure to a possible communicable disease as required by law.

-We may use or disclose health information about you in a way that does not personally identify you or reveal who you are.

Any other use or disclosure of PHI, other than those listed above will only be made with your written authorization, (the authorization must specifically identify the information we seek to use or disclose, as well as when and how we seek to use or disclose it.) **You may revoke your authorization at any time, in writing, except to the extent that we have already used or disclosed medical information in reliance on that authorization.**
